User Manual

# INSTALLING THE BASE

1

x6

Place the TV screen-down on a clean, flat surface. To prevent scratches or damage to the screen, place the TV on a soft surface, such as carpet, rug, or blanket.

Tighten the six (6) thumbscrews into the base.

2

Place the TV on a stable, level surface.

# USING THE REMOTE

## INPUT

Change the currently-displayed input.

## A/V CONTROLS

Control USB photo slideshow and V.I.A. apps.

### V.I.A. SHORTCUT BUTTONS

Control VIZIO Internet Apps

# FIRST-TIME SETUP

1

Remove the battery cover by pressing gently on the arrow and sliding away from the remote.

Insert the included batteries.

Gently slide the battery cover back into place.

2

Plug the power cord into an electrical outlet.

# 3

Ethernet  
Cable

Coaxial  
Cable

If you have an external antenna or a cable connection that extends from a wall outlet, connect it to the TV with an RF/Coaxial cable.

If you have a high-speed internet connection, connect an Ethernet cable from your modem or router to the back of the TV as shown.

# 4

Turn the TV on by pressing the **Power** button on the remote.

The Setup App is displayed.

Use the **Arrow** buttons on the remote to highlight **Home Mode Setup** and press **OK**.

# 5

Use the **OK** and **Arrow Up/Down** buttons on the remote to read and accept the Terms of Service and Privacy Policy for Yahoo! TV Widgets.

When you are finished, highlight **Next** and press **OK**.

# 6

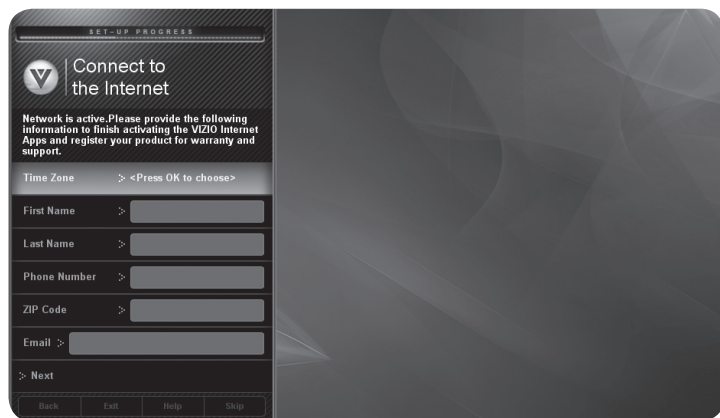

Select the name of your wireless network from the list of available networks and press **OK**.

Enter your network key using the on-screen keyboard, then highlight **Connect** and press **OK**.

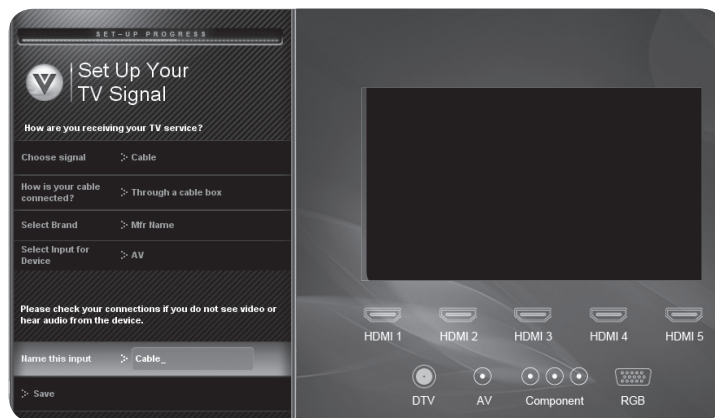

# 7

Enter your First Name, Last Name, Phone Number, ZIP Code, and E-mail Address using the on-screen keyboard.

Highlight **Next** and press **OK**.

# 8

Answer the on-screen questions about your TV connection using the **Arrow** and **OK** buttons on the remote.

When you have finished the channel scan, highlight **Exit to Live TV** and press **OK**.

The First-Time Setup is complete.

devices:

Cable or Satellite Boxes

Blu-ray™ or DVD Players

Game Consoles

\* Maximum Resolution

# WATCHING CINEMAWIDE

Standard 16:9  
Screen

VIZIO CinemaWide 21:9  
Screen

Because a 21:9 screen is 30% wider than standard 16:9 screens, your CinemaWide HDTV allows you to view a widescreen movie without the black bars on the top and bottom of the screen.

- When the movie starts playing, press the **WIDE** button on the remote, then select **Automatic**. Your CinemaWide HDTV will automatically fit the movie to the wide screen.
- For the best CinemaWide picture, watch Blu-ray discs that have been filmed at a **21:9 (2.35) aspect ratio**. This information can usually be found on the back of the Blu-ray disc case.

# MULTITASKING

Thanks to the CinemaWide screen, you can take advantage of VIZIO Internet Apps while watching your favorite TV or movies.

Great ways to use multitasking:

- Keep track of league scores while watching your favorite team.
- Read the latest headlines while commercials are playing.
- Update your status on Facebook® while you watch a new Blu-ray.

However you decide to use multitasking, you can rest assured you won't miss a thing.

Your CinemaWide screen has enough room for it all!

# GETTING STARTED WITH VIZIO INTERNET APPS

## 1

**V.I.A.**  
Press this button to  
open the V.I.A. Dock.

Be sure your TV is connected to the Internet.  
Use an Ethernet cable or connect wirelessly.

For the best V.I.A. experience, a high-speed  
Internet connection is recommended.

## 2

The V.I.A Dock is displayed on the bottom of the screen.

Use the **Arrow** buttons on the remote to highlight an  
app, then press **OK** to open it.

# 3

Your V.I.A Dock has many popular apps pre-loaded, but you can add more at any time. To discover and add new apps to the Dock, open the **Widget Gallery** app.

Highlight **Categories** and press **OK**.

A list of app categories is displayed. Select a category and browse through the available apps.

When you've found an app you want to add to the Dock, highlight **Add Widget to My Profile** and press **OK**.

# HOW TO VIEW 3D

## 1

You will need:

- 3D Blu-ray™ player\*
- Blu-ray 3D™ disc\*
- VIZIO Theater 3D Glasses
- 3D-ready HDMI cable connecting the 3D Blu-ray player to your 3D HDTV\*

## 2

For the best 3D experience:

- Try to view the TV straight-on, as shown above.
- Do not view the TV at an extreme angle. Some of the 3D effect will be lost.
- Sit at least **9 feet** from the TV.

# COMPLETE THE 3D EXPERIENCE

## VIZIO 3D Blu-ray™ Player with Wireless Internet Apps

Whether you're looking to bring home an intense 3D movie experience, 1080p Full HD, or dive into online entertainment, this player delivers.

### VIZIO High Speed HDMI Cables

To view 3D or 1080p Full HD content from your 3D Blu-ray player, you'll need to connect it with an HDMI cable. VIZIO HDMI cables feature a slim design for easy installation.

### VIZIO Theater 3D Glasses

No matter how many guests you're entertaining, you can share your new 3D world with friends and family. These 3D glasses are lightweight, comfortable, and battery-free.

# HELP TOPICS

How do I return to the Setup App?

- The on-screen menu has guided setup. Press **MENU**, then select **HELP > Guided Setup**. Select the type of setup you need and press **OK**. The Setup App will begin.
- To reset the TV to factory defaults, press **MENU > HELP > Reset TV Settings**. Select **Yes**. Remember that all of your settings will be lost!

There is a picture, but there is no sound.

- Press the **VOLUME UP** button on the remote or on the side of the TV.
- Press the **MUTE** button on the remote to ensure that mute is off.
- Press **MENU**, then select **TV Settings > Audio**. Be sure TV Speakers is set to **ON**.

The TV displays “No Signal.”

- Be sure your connected devices are turned on.
- Press the **INPUT** button on the remote and select the input to which your device is connected (HDMI-1, Composite, Component, etc).

There are black/gray bars on the top/bottom/sides of the screen.

- Note that some television channels add black bars to the picture.
- Set the TV to Wide or Zoom mode. Press **MENU**, then select **Wide**. Highlight **Wide** or **Zoom** and press **OK**.
- Adjust the video settings of your external device

There is no power.

- Be sure the power cord is securely connected to the AC socket on the TV and to a working electrical outlet.
- Press the **POWER** button on the remote or on the side of the TV.
- If the above steps do not work, try plugging the power cord into a different outlet.
